

Finance Committee Minutes

July 7, 2020

Members Present: Joe Rodriguez, Russell Humphrey, and Dee Howard Mullins

Staff Present: Aron Kulhavy, Steve Ritter

The agenda items discussed were:

- Approved the minutes from the June 16, 2020 meeting.
- Discussed the Budget amendment for the grant monies received for repairs to River Oaks Drive and Greenbriar. This budget amendment puts the money in place for the above projects.
- Steve discussed the handout regarding delinquent Utility bills due to COVID-19. For a total of 1 month to 4 months we have \$165,462 outstanding compared to a year ago which was \$26,423; which is 6 times more than a year ago. Steve asked the committee what type of repayment plan and time frame we should offer to the citizens for repayment of these bills. The committee came to a consensus that they would like to give options to the citizens and then let the citizens choose the option that fits them the best. They would like to see that the bills are paid off within 6 months of the agreement.
- None of the committee members had any suggested changes to the Fiscal and Budgetary policies.
