CITIZENSHIP PREPARATION COURSE
By Mary Kokot, Adult Services Coordinator

How many voting members are in the U.S House of Representatives? Who wrote the Declaration of Independence? Why does the flag have 13 stripes? (See answers below.) These are just some of the questions being answered by immigrants preparing for the naturalization exam at the U.S. Citizenship Preparation Course. The Huntsville Public Library, in partnership with the Sam Houston State University (SHSU) Law, Engagement, and Politics (LEAP) Center, have joined forces to help these community members succeed.

Each Monday evening in April, a group of 20 adults interested in becoming American citizens meets in the library's Staggs Community Room. They are learning about American government, American history and geography, national symbols and national holidays. These adults, coming from four different countries, have lived in the United States anywhere from 7 to 40 years but all possess the desire to make a commitment to this country.

The mix of cultures makes the class ten times more interesting. The first week was a lot of fun! We learned people's names, and even touched on some early American History. The one thing that excites everyone the most is the "Thanksgiving" dinner that is planned for the last class day when everyone brings a dish from their native country for all to share and enjoy!

Free to attend but registration is required.
To register, contact Mary Kokot at (936)291-5471

Answers: 435, Thomas Jefferson, there were 13 original colonies

USING TAGS IN LIBBY
By Jalpa Shah, IT Services Coordinator

How to create and "tag" titles

Tags are a flexible way to organize books in Libby.

You can use tags to make a list such as titles you want to read, your favorite titles, and more!

You can find your tags on your **Shelf** (📚) under **tags**. Once you select a tag from your Shelf, you can borrow a tagged title, filter the tag by format, export a list of titles in the tag, and rename or delete the tag.

You can tag titles from all of your libraries and create as many tags as you'd like.

How to add smart tags

In Libby, you can add a "smart tag" to titles to create further options.

Available smart tags or "smarts" in Libby:

- Notify Me: When you add this tag to a magazine, Libby will notify you when new issues come out.
- Borrowed: Libby will automatically tag titles you borrow.
- Sampled: Libby will automatically tag titles you sample.
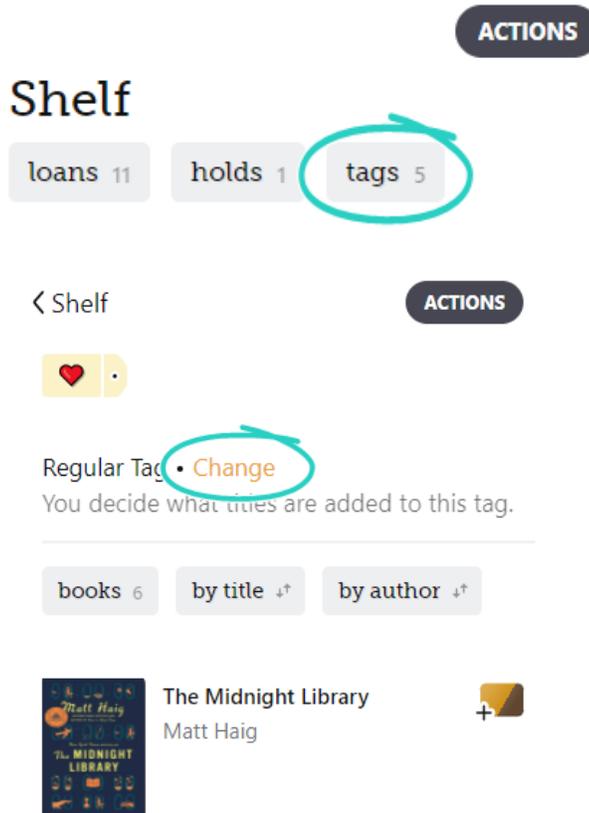

Adding "smarts" to a tag

1. Go to 📚

2. Tap **tags** at the top of the screen, then select a tag.

3. Tap **change**

4. Select the "smarts" you want

LIBBY, CONTINUED FROM PAGE 2

Renaming, Exporting and Deleting Tags

1. Go to 📚

2. Tap **tags** at the top of the screen, then select a tag.

3. Tap **Actions**, then Rename Tag.

4. Enter a new tag name, then tap Done.

   If you want to start enjoying the Library's digital collection, Huntsville Public Library offers introductory training on how to install and navigate the Libby app. The classes will be in the Nash Boardroom from 11 a.m. to 12 p.m. on Monday, April 4. Participants need to bring their personal devices and library card. This program is best suited for ages 18 and up. For more information contact IT Coordinator Jalpa Shah at 936-291-5485.

WE HAD A GREAT TIME WITH ALL OUR SPRING BREAK PROGRAMS!
